

All your company's corporate management, in a single platform.

Sttok is the corporate management software: cap table (shareholder registry), incentive plans (phantom shares and stock options), shareholder and board meetings, secondary market and operations simulator. With an AI assistant and ISO 27001 and GDPR compliance.

MODULES

Shareholder Registry (Cap Table)

Official digital registry, always up to date and ready to file.

Incentive Plans

Phantom shares, stock options and vesting, with an individual portal per beneficiary.

Meetings and Boards

Digital convening, proxies, voting and automatically generated minutes.

Operations Simulator

Rounds, capital increases and convertible notes calculated on real data.

Secondary Market

Share transfers between partners and tender offers.

Sttok AI

Corporate assistant: lists, minutes and calculations in seconds, with data in Europe.
